

ENVIRONMENTAL SCIENCES

Associate in Science

Great Bay's Environmental Science Degree is intended for students who wish to transfer to a four-year institution, to pursue a degree in environmental studies, environmental policy, environmental science, ecology, natural resources management, or related fields.

The Environmental Science program focuses on the interactions between the physical, chemical and biological elements of the environment. The program was configured as a diverse environmental science foundation and is designed to provide a solid social scientific substance for students with a broad range of interests related to the environment.

Career Possibilities

Job Title	Average Salary
Environmental Compliance Inspector	\$68,500
Fish & Game Warden	\$75,000
Forester	\$48,000
Soil & Water Conservationist	\$60,000

The careers listed above may require additional education beyond an Associates Degree. For more information about the outlook and trends, please visit the Bureau of Labor Statistics: www.bls.gov.
